

# THE 2016 LANDSCAPE SHOW

PETER  
VAN STRALEN

The Grounds Guys®

As CEO of The Grounds Guys® **Peter van Stralen** helped take the company from a local service business to a multi-national, multi-million dollar, admired brand resulting in an eight figure acquisition. With over 20 years of business success to his credit, Peter is a certified franchise executive and the founder of the CARE Leadership Academy. Peter sits on the board at The Dwyer Group Canada and is the 2014 recipient of the Premier's award for business. He is passionate about sharing the Culture of C.A.R.E. by teaching the principles of C.A.R.E. Leadership.

He is the author of the book C.A.R.E. Leadership. In his spare time he can be found fishing with his kids or conquering the local hills on his mountain bike.

MARK  
BRADLEY

TBG Landscape

**Mark Bradley** founded TBG Landscape out of his backyard 18 years ago. Since then, TBG has won many Awards of Excellence for its innovative design-build work and has also grown to be one of the Top 100 landscape contractors in North America.

Based on TBG's solid reputation in the landscape industry, Mark was able to start two additional adventures where he is CEO of TBG Environmental and TBG Logistics. This combination provides a fully-integrated premier package for environmental, site development and transportation projects in Ontario, Canada. In addition to founding the TBG Group of Companies, Mark established LMN in 2009, now the industry's most popular landscape estimating and timekeeping software. Mark is a Member-Preferred Coach and consultant with Landscape Ontario Horticultural Trades Association, a Preferred Speaker with the National Association of Landscape Professionals (NALP), as well as, an Advisor and Preferred Speaker for the Snow and Ice Management Association (SIMA).

CRAIG  
REGELBRUGGE

AmericanHort

**Craig Regelbrugge** is Senior Vice President of AmericanHort, the new horticulture industry association formed by the American Nursery & Landscape Association and OFA—the Association of Horticulture Professionals. He heads up the Washington office of AmericanHort and leads the new organization's industry advocacy and research team who are responsible for advocacy and research, as well as relationships with our many organization, coalition, and industry partners.
